

# 10th World Congress on Materials science and Engineering

Theme: Challenges and Opportunities in Materials science and Engineering

Venue: SRH Berlin | University of Applied Sciences, Germany

Dates: March 25 & 26, 2027

## ABOUT THE EVENT

Materials Info 2027 will be held at SRH University of Applied Sciences in Berlin, Germany, offering a premier venue for researchers, innovators, and industry leaders to come together and shape the future of materials science. This unique conference will feature sessions across multiple disciplines including nanomaterials, polymers,

composites, biomaterials, and sustainable materials. It serves as a collaborative environment where

professionals can exchange ideas, identify new trends, and explore cross-disciplinary partnerships.

With world-renowned speakers, engaging panel discussions, and interactive networking zones, Materials Info 2027 is more than just a conference—it's a global forum for inspiration and innovation. See you at SRH University, Berlin! We

look forward to welcome you at our summits and glad to be part of your progress.

## WELCOME MESSAGE

Join us at the 10<sup>th</sup> World Congress on Materials Science and Engineering, an esteemed international gathering that brings together leading minds in materials science and engineering. This global event is your opportunity to connect with top researchers, industry professionals, and academics from around the world.

Share your groundbreaking research, explore cutting-edge innovations, and engage in thought-provoking discussions. The congress also offers a dynamic platform for companies to exhibit their latest technologies, products, and scientific achievements. Whether you're looking to present your work, network with peers, or discover new opportunities in the field, this event is designed to foster collaboration and drive progress.

Don't miss your chance to be part of an exciting program filled with keynote presentations, technical sessions, workshops, and interactive networking events. Register your interest today to be part of a customized experience tailored to your professional goals.
